WOLF 14

NIGHT VISION MONOCULAR

The Wolf 14 is a high-tech, durable and versatile Night Vision monocular that delivers great performance at a reasonable price. Packed with high-tech features, the Wolf 14 is equally suited for law enforcement and security professionals, as it is for hunting and recreation. The Wolf 14 can be hand-held or mounted on a helmet or headgear. A specialized mount enables use with a rifle and the ability to mount in front of a camcorder or camera makes it ideal for night photography. With a variety of compatible lenses, long-range nighttime viewing is available in seconds. The Wolf 14 features bright light shut-off circuitry and a built-in spot/flood IR illuminator. The Wolf 14 can be equipped with high-performance Gen 2 image intensifier tubes in green or white phosphor.
